Suppose a legislature were to nase a law introducing peousge, a kind of slavery that still continues in the south in some places where we have to prosecute it, depriving the negro of some civil rights that he is catified to inder the fourteenth amendment, or depriving him or his electoral rights or political rights, and the supreme court decides, as it may properly decide and ought to decide, that law is invalid hecause it violates those constitutional amendments, and then under this system is voted upon as to whether that decision is right at the next national election.

"It may be a Republican year and the amendments be sustained; it may be a Democratic year and the amendments voted down. I ask you my friends, whether that was the kind of security you thought you were getting when the war was fought, when hundreds of thousands of lives were lost and blood was spilled and treasure amounting to millions was lost in order to establish those amendments, and now are urged to make their weight and their sanction depend on one single popular election? I say, my friends, when you consider the proposal and lock at it face to face, it is so fundamentally erroneous that it presents a crisis in our history that we ought to rise to meet and stamp out by not electing the man who proposes it."

Mr. Taft traveled all the way from the Hudson river to Atlantic City in his private car except for one ten-mile autemobile jump. On the ride from Lakewood to Bridgeton, his special train made more than sixty miles an hour for twenty miles.

ROOSEVELT ENDS HIS CAMPAIGN

HOBOKEN N. J., May 27—The campaign into which Colonel Roosevelt plunged three months ago, when he announced his willingness to accept the Republican presidential nomination, virtually came to an end tonight. It ended with a booming welcome to the colonel, with the glare of red fire and the call of bugles as he made his way through streets lined with thousands who cheered him. It was the final rally of his New Jersey campaign.

From now on Colonel Roosevelt will direct his attention to the marshaling of his forces for the battle to be waged in the Chicago convention. He said he would not go into the states which are yet to elect delegates.

"This is the most remarkable campaign I have ever been in," said Colonel Rooseveit tonight, after he had witnessed the demonstration in his honor in Hoboken.

"I have been in politics thirty-three years and I never before have feit such unadulterated satisfaction in any campaign as in this one."

"I ask you to compare in this the at-titudes of myself and of Mr. Taft in your own state. Just the other day he sald he expected to win because the national committee is with him. I have told you that I expect to win because the people are with me."

The rally in Princeton was invested with added interest because of the action of President Hibben of Princeton, in stating that Alexander hall might be used for the meeting provided Roosevelt refrained from attacking President Taft.

The colonel chose to speak elsewhere and made his address to a crowd of students and townsfolks from the balcony of a hotel. He talked in a friendly, confidential way to the students, with never a reference to the president and only general allusion to political questions.

Hadley for Chairman.

Hadley for Chairman.

JEFFERSON CITY, Mo., May 27—In a letter received by Governor Hadley here today, Colonel Roosevelt asked him to be temporary chairman of the national convention if the Roosevelt forces succeed in getting control of the convention. Mr. Hadley will accept if he believes he can best serve his faction of the party, it was announced tenight, but would greatly prefer that some other progressive Republican be selected for the place. He so told the colonel in a letter in answer to his request.

Governor Hadley was one of the cight governors who wrote to Colonel Roosevelt asking him to become a candidate for the Republican nomination for president. He also was one of the leaders of the Roosevelt faction of the party in the Republican state convention at St. Louis and was elected chairman after having been defeated for the temporary chairmanship in committee by the Taft adherents.

PHERRE, S. D., May 27.—The primary election in South Dakota will be held. Tuesday, June 4.
In no prior campaign in South Dakota have political matters been more muddled than now and the outcome is uncertain.

than now and tain.

The presidential fight has not attracted as much attention in South Dakota as has the senatorial and governorship. The Roosevelt supporters claim South Dakota will send ten Roosevelt delegates to the Chicago convention. The Taft supporters insist that with a straight Roosevelt and a straight La Follette list of delegates in the field to divide the anti-Taft vote, their chance to carry the state is good.

Contests Filed.

CHICAGO, May 27.—The credentials committee of the Republican national committee received notice of contesting delegations in the First, Third and Fourth congressional districts in Arkansus, the Third district of Indiana and the delegates at large from Indiana. Taft on First Ballot.

WASHINGTON, May 27 .- Representa-President Taft's campaign committee, in a statement today declared that it was a statement today declared that it was Colume Roosevelt's apparent intention to bolt if he is not nominated at Chicago.

"The Republican party has been in the habit in the past of making deliberate choices of his presidential candidates, and it is not used to the process of having a gun poked under its nose accompanied by a domand from any one candidate to stand and deliver," said Mr. Mckintey.

"I am firmly convinced that the Republican national convention his year "I am firmly convinced that the Re-publican national convention this year will make its choice a deliberate one and that President Taft will be the nomines on the first ballet."

Governor Wilson addressed an enthusiastic crowd of Prince-ton undergraduates from his residence tonight. Following Colonel Roosevelt's address the Princeton undergraduates had a mon-ster forchlight parade to Governor Wil-

son's residence.

The governor declared he did not object to the big business because it was big, but because it was all joined together in one fast confederation which gave the laborer little chance and was a menace to government. He attacked a menace to government. gave the laborer little chance and was a memace to government. He attacked the Sherman act as of little value because it had been so changed from the original idea of its author that the monopolies had plenty of loopholes to slip through.

As a concrete illustration of the evil of present business he cited the recent trouble at Lowell and the recent raise in the price of coal, which he boldly declared was due to watered stocks.

Six More for Clark.

WASHINGTON. May 27.—Champ Clark was assured the votes of the six delegates to the national Democratic convention in Baltimore at a primary election held here today, which gave him fifty-four out of the sixty-six delegates entitled to sit in the Democratic convention here Wednesday.

The delegates not pledged to Clark so far as known tonight are uninstructed.

Replies to Charge.

Roosevelt's final appeal before the primary election tomorrow was in reply to the assertion that he was distoyal to the Republican party and was attempting to swork its ruin. He said the would appeal if necessary from the Republican national committee to the people.

"The Republican party would have did of dry rot if we had not made this fight," he said in Hoboken.
In speaking at Lambertville, Colonel Roosevelt took up at some length the Roosevelt took up at some length the Roosevelt took up at some length the State at large tavorable his party.

"Our opponents have said that we are breaking up the Republican party." he said. "That is devoid of truth. We are soil." That is devoid of truth. We are soil." The soil is now success.

Long Struggle Probable.

CHICAGO, May 27.—Indications in the minds of some that the Republican national convention may continue in session longer than was at first intended developed tonight with the arrival of sample tickets of admission.

The tickets are dated for June 18, 12, 20, 21 and 22, but the tickets for the last date read, "Good for June 22 and all days thereafter that the convention may continue."

Politiciaus were inclined to believe this provision was made to meet the possibility that a presidential nomination might not result in the first five days of the convention.
